1. Product and Company Identification

<table>
<thead>
<tr>
<th>Material Name: 5621</th>
<th>Postal Code: N0B 1S0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Material Description: Neoprene Lining</td>
<td>Emergency Phone Number: 1-800-424-9300</td>
</tr>
<tr>
<td>Manufacturer: Polycorp Ltd.</td>
<td>Information Number: 519-846-2075</td>
</tr>
<tr>
<td>Address: 33 York Street Elora, Ontario, Canada</td>
<td>Website: <a href="http://www.poly-corp.com">www.poly-corp.com</a></td>
</tr>
</tbody>
</table>

2. Hazard(s) Identification

**OSHA Status**
This material is NOT considered hazardous material.

**GHS Labeling elements**

![Exclamation mark]

**Emergency Overview**
May cause irritation to the respiratory system without proper PPE or ventilation.
May cause irritation to eyes or if ingested.

**Potential Health Hazards**
- Inhalation – May cause irritation to the respiratory system.
- Ingestion – May cause irritation
- Skin – None
- Eyes – May cause irritation

3. Composition / Information on Ingredients

Note – This mixture has not been evaluated as a whole. All ingredients are bound in a polymer matrix. The potential for hazardous exposure as shipped is minimal. However, some fumes may be released upon heating or vulcanization and the end user (fabricator) must take the necessary precautions (mechanical ventilation, respirator program, etc.) to protect his employees from exposure. The above ingredients which have a weight percent value under the OSHA column are considered hazardous per OSHA 1910.1200.

4. First Aid Measures

Eye Contact: Consult physician if irritation occurs.
Skin Contact: Physical form should preclude any harmful effect from contact: contact physician if irritation occurs.
Inhalation: Consult physician if respiratory irritation occurs.
Ingestion: Consult physician.

5. Fire Fighting Measures

Boiling Point: N/A
Vapor Pressure: N/A
Solubility in Water: Insoluble
Reactivity in Water: None Known
Appearance: 1 Rubbery Solid
Flash Point: Unknown
Extinguisher Media: All Common
Special firefighting procedures: Self-contained breathing apparatus should be worn to prevent inhalation of smoke and decomposition products.
Unusual fire and explosion hazards: None Known
Specific Gravity: 1.38

6. Accidental Release Measures

Steps to be taken in case material is released or spilled: Scoop or shovel material and return to original container
Waste disposal methods: Dispose of in accordance with all local, state and federal regulations

7. Handling and Storage

Precautions to be taken in handling and storage: Gloves should be worn when handling material
Other precautions: Upon heating or vulcanization some fumes may be released. Mechanical ventilation and/or a properly maintained respiratory protection program is
required. “Do not put in mouth”

8. Exposure Controls / Personal Protection

Threshold limit value: Not established
Signs and symptoms of exposure: None known
Medical conditions generally aggravated by exposure: None known
Chemicals listed as carcinogen or potential carcinogen: See section 3

Emergency and first-aid procedures:
- Inhalation: Consult physician if respiratory irritation occurs.
- Eyes: Consult physician if irritation occurs.
- Skin: Physical form should preclude any harmful effect from contact.
- Ingestion: Consult physician.

Respiratory protection: May be necessary if mechanical ventilation is insufficient.
Ventilation: Yes.
Local exhaust: Yes.
Mechanical: Yes.
Protective gloves: Yes.
Eye protection: No.

9. Physical & Chemical Properties

Stability: Stable – avoid decomposition temperatures.
Incompatibility: None known.
Hazardous decomposition products:
- Oxides of carbon
- Oxides of N
- Oxides of Pb
- Oxides of S
- Oxides of S,N
- Toxic Fumes

10. Chemical Stability & Reactivity Information

Stability: Stable – avoid decomposition temperatures
Incompatibility (materials to avoid): None known
Hazardous Polymerization: Will not occur
11. Toxicological Information

Not established

12. Ecological Information

<table>
<thead>
<tr>
<th>Ecotoxicity:</th>
<th>Not established</th>
